

**Durlon® Indenta-Seal™ Gaskets and Services**

**Gaskets**

**Take The Guesswork Out Of Material Identification With Our DURLON® Indenta-Seal™ Gasket Products And Services**

*Due to the overwhelming number of black elastomers and the many types of fluoroelastomer materials, confusion often occurs – leading to the wrong gasket being used in critical services. This can result in catastrophic seal failures. Color coding has long been considered, but technically out of reach..until now!*

**Indenta-Seal™ Features and Benefits:**

- Only 100% Genuine Viton® fluoroelastomers from DuPont® Performance Elastomers used in the manufacture of Indenta-Seal™ products
- Exclusive Indenta-Seal™ Color Code
- Ideal for standardization programs and process safety enhancements
- Eliminates risky and costly material mix-ups
- Gasket/sealing specialists, with over twenty years experience, ready to assist and answer any questions
- Independent third party tested and proven

*Available in three types. Choose the product that is right for you*

Viton® Family	Indenta-Seal™ Name/Color	Principal End Users
A	GRI-A/Black & UV Fluorescence	General Purpose Sealing: Automotive, Aerospace Fuels & Lubricants
B	GRI-B/Blue	Chemical Process Plants, Railroad Tank Cars & Tank Trucks, Power Utility Seals & Gaskets
F	GRI-GF-S/Gold	GRI-GF-S is used for any specification requiring the advantages of a high fluorine content in a fluoroelastomer. The polymer used for these products has shown improved strength, compression set resistance and fluid resistance to the older technology GF polymer. Other properties, including low-temperature performance are equivalent.

*Five different elastomers shown but only two are Indenta-Seal™*

*Indenta-Seal™ products also available for our popular manway nozzle gaskets*

*Salco has been providing gasket/sealing products and services for over 20 years. In our continuing effort to develop and deliver improved products and services, we have created a comprehensive gasket program to ensure the proper installation of all types of gaskets. With Salco, our support does not end with the placement of an order and our specialists are always available to address any concerns or questions you may have. Please contact your Salco representative for more information.*
