

## Combination Style, Spark-Proof, Bronze Eyebolt Sockets

*Used on both 7/8" and 1" standard eyebolts, our spark-proof socket saves time and labor*

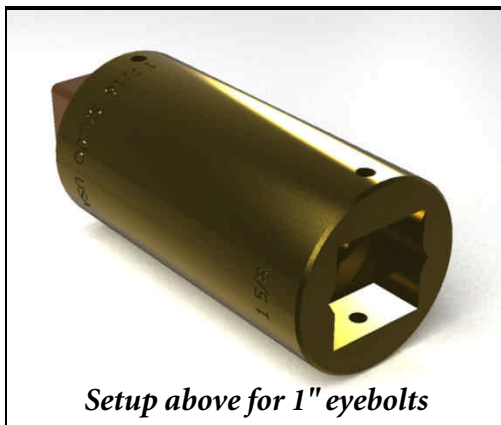

*Salco's Bronze Eyebolt Socket is designed to help in operations subject to explosion hazards and where spark-proof tools are utilized*

### **Salco's Spark-Proof Eyebolt Socket:**

- Combination socket. Socket will work with both 1- 5/8" and 1- 7/16" nuts (7/8" and 1" standard eyebolts)
- Saves time and labor. Handles both hex and square nuts. 4-in-1 tool
- 3/4" drive; can be used manually or with an impact wrench
- Deep-well design. The overall, inner working depth of the socket, with insert in place, is 5"
- For use on standard tankcar manway eyebolt applications
- For environments that do not require spark proof tools, we offer a 4140 steel version of this combination style socket

*Setup above for 7/8" eyebolts*

*Setup above for 1" eyebolts*
